

Partnership with Museum of Science and Industry

- The NU-MRSEC has partnered with the Chicago Museum of Science and Industry to create a new **exhibit** focused on materials science and society, scheduled to debut in **Spring 2015**.
- The exhibit is designed in a manner that it can be easily moved to other locations following its run at the Chicago MSI.
- Approximately 1.5 million guests, including >300,000 children in school groups visit the Museum annually.
